

# 88" WIDE SEAT PALLET

## SEAT FEATURES

- 16G forward restraint capacity at 250 lbs. total passenger weight plus equipment per seat
- 12 seats per pallet
- High comfort ergonomic design
- Passive lumbar support
- Seat-back mounted food trays
- Lift up arm rests

## PALLET FEATURES

- Fits the 88" wide on 463L cargo loading systems
- Non-skid floor surface
- Corner winch rings
- Four "no-tool" manually operated anti-rattle devices
- 7" hinge-mounted bridge on forward edge to cover gaps between pallets
- Seat-track fillers
- Protective pallet cover made of UV resistant fabric

## CAPABILITIES

- Seat pallets can be converted into a dual passenger/cargo configuration - 84 seats on one side of a C-17 while allowing pallets and/or rolling stock to be loaded and secure on the other
  - A 56% increased passenger capability over centerline seating kit installation
  - Provides the operator both an efficient and expedient method of reconfiguring the aircraft
- Complete or partial ship-sets may be strategically repositioned at forward operating locations to satisfy changing mission requirements
