AAR Mobility Systems is a division of AAR Corp., a multi-billion dollar global provider of aerospace, defense, and commercial aircraft after-market products and services. AAR designs, manufactures, integrates and services a variety of mobility products to support military and disaster relief operations. Combining new technologies with practical, hands-on expertise, AAR offers rugged products and systems that allow customers to operate faster and more efficiently, anywhere, anytime!

### CORE COMPETENCIES

#### MANUFACTURING

- Extensive Machining
- Hot Press Bonding
- Aluminum Cleaning & Etching
- Friction Stir & Robotic Welding
- Quality Lab for Testing
- Assembly
- Prototyping Facility

#### PRODUCT FEATURES

- Lightweight Design
- Intermodal & Air Worthy
- Energy Efficient
- Minimal Transport Footprint
- Corrosion Resistance
- EMI/RFI-Shielding (optional)
- CBRNE Solutions

#### CAPABILITIES

- Translation of Requirements into Product Solutions
- Design & Production of Prototypes & One-Offs
- Quick Ramp-Up of High Production Contracts

### CORE PRODUCTS & SERVICES

- **PALLETIZED SYSTEMS** including 463L air cargo pallets, custom pallets and platforms for short term storage and quick movement of cargo, plus pallets for air-transporting ISO Containers and quick-change palletized seat systems for all military transport aircraft
- **ISU® CONTAINERS** (Internal Airlift/Helicopter Slingable Container Unit) including lightweight, 1-pallet-position, standard and specialty containers for customized air-mobile shipping and storage of equipment, spare parts, and high value cargo
- **TACTICAL SHELTER SYSTEMS** including standard and custom 1- and 2-pallet position air-mobile configurations and 20-foot ISO shelters with proprietary features for rapid aircraft on- and off-load
- **COMMAND & CONTROL SYSTEMS** including C4I system design and integration, radio interoperability systems, ruggedized modules, battle info management and display, TOCs, CPs, and Emergency Response Centers, fixed, transit case, and mobile/shelterized systems
- **EXPEDITIONARY SYSTEMS** including maintenance shops, calibration shops, mobile power, ablutions, water purification and treatment, laundries, labs and clinics
- **SUSTAINMENT & TECHNICAL** including shelter modification and integration, RESET, C4I system upgrade/refresh, field/depot maintenance and repair, hands-on training, engineering and design, testing, and field support for our products and anyone else's as well

### CERTIFICATIONS

#### PRODUCT CERTIFICATIONS

- MIL-STD-810G Ground Mobility including Rail and Off-Road
- MIL-STD-209K Lifting Provisions
- CSC International Convention for Safe Containers, ISO 668, ISO 1161, and ISO 1496
- MIL-HDBK-1791 Military Internal Air Transportability
- MIL-STD-913 Military External Air Transportability
- Navy MIL-STD 901D Heavyweight Shock
- NAS 3610

#### FACILITIES

- Cadillac, MI - 370,000 sq. ft. in three buildings
- Goldsboro, NC - 110,000 sq. ft.
- Huntsville, AL - 45,000 sq. ft.
- ISO 9001:2008 Registered
- Lean Manufacturing Principles
- Welders Certified to AWS D1.1 and D1.2
- Certified Weld Inspectors on staff
- On-Site Testing Capabilities

## PAST PERFORMANCE

For over five decades, the people and the products of AAR have been helping our customers **get there faster and safer**. We take pride in developing custom solutions to various mobility and rapid deployment challenges and in offering life cycle support. Our customers experience **best value products** with **on-time delivery**.

### TROOPS & ALLIES

US DoD

NATO & NATO Countries

UK MoD

### COMMERCIAL CUSTOMERS

GENERAL DYNAMICS

Some of our major contracts include:

IDIQ DATE	CUSTOMER	CONTRACT
Since 2016	NSPA NATO Support Agency	Airlift/Helicopter Slingable (ISU) Containers
Since 2016	Army Contracting Command	Next Generation Automatic Test Systems (NGATS)
Since 2016	DLA Troop Support	Tent and Textile Commercial Soft Shelter Systems & Accessories
Since 2011	USMC/US Army	EFK MECC Expeditionary Field Kitchen
Since 2011	US Army	Lightweight Multi-Purpose Shelter (LMS)
Since 2011	USSOCOM	Military Information Support Operations Press- Medium (MISOP-M)
Since 2008	Foreign Military	20-ft. Integrated Expandable & Non-Expandable Aluminum ISO Shelters
Since 2008	USAF/US Army/US Navy	Hardside Expandable Light Air Mobile Shelters (HELAMS) & Hardside Expandable Small Air Mobile Shelters (HESAMS) to Joint Special Ops Command (JSOC)
Since 2007	USMC	Shop Set, Equipment Artillery (Field Artillery)
Since 2007	US Army/USMC	Petroleum Quality Analysis System (PQAS)
Since 2007	USMC	Direct Support Electrical Systems Test Set (DSESTS)
Since 2006	USMC	Electro-Optical Maintenance Shelter Complex
Since 2006	USAF	Integrated Airborne Modules
Since 2005	British Embassy	New HCU-6/E Pallets
Since 2005	USMC	MK 1077 Flat Racks
Since 2004	US Army	Standard Automotive Tool Sets (SATS) Non-Expandable 20-ft. Aluminum ISO Shelter
Since 2003	US Army	Family of Medium Tactical Vehicles (FMTV) M1079 Shop Van & M1087 Expansive Van Shelters
Since 2000	US Army	CK MECC Mobile Field Kitchen
Since 1996	US Army	Container Roll-In/Out Platform (CROP) & Flat Racks
Since 1963	USAF	New and M&O HCU-6/E Pallets
