1. When the materials or products furnished are for use in connection with a U.S. Government contract or subcontract, in addition to the General Provisions, the following provisions shall apply, as required by the terms of the prime contractor or by operation of law or regulation. In the event of a conflict between these FAR provisions and the General Provisions, the FAR provisions shall control.

2. The following clauses set forth in the FAR in effect as of the date of the prime contract are incorporated herein by reference with the same force and effect as if they were given in full text. In all clauses listed herein, the terms “Government,” “Contracting Officer,” and “Contractor” shall be revised to suitably identify the contracting parties herein and affect the proper intent of the provision, except where further clarified or modified below. “Subcontractor,” however, shall mean “Seller’s Subcontractor” under this purchase order.

3. Clauses in this document may not be applicable to specific orders due to the type of subcontract/purchase order to be issued, dollar thresholds under requirements of the FAR, DFARS or Public Law or Mandatory Flow Down requirements of a particular prime contract. Clauses not applicable for these reasons shall not be removed from this document and will be considered by all parties to be without force and effect.

A. COST ACCOUNTING STANDARDS (APPLICABLE UNLESS OTHERWISE EXEMPT)

Seller shall communicate and otherwise deal directly with the Contracting Officer to the extent practicable and permissible as to all matters relating to Cost Accounting Standards. Seller shall provide Buyer with copies of all communications between Seller and the Contracting Officer respecting Cost Accounting Standards, FAR 52.230-2 and Administration of Cost Accounting Standards, FAR 52.230-6, provided Seller shall not be required to disclose to Buyer such communications containing information which is privileged and confidential to the Seller. In addition to any other remedies provided by law or under this Order, Seller agrees to indemnify and hold Buyer harmless to the full extent of any loss, damage, or expense if Buyer is subjected to any liability as the result of a failure of the Seller or its lower-tier subcontractors to comply with the requirements of FAR 52.230-2, 52.230-3, 52.230-4, 52.230-5 or 52.230-6. Paragraph (b) is deleted in each of the foregoing clauses.

B. TRUTH IN NEGOTIATIONS

Cost or Pricing Data: (Applicable only if certified cost or pricing data has been provided). The clause entitled “Subcontractor Cost or Pricing Data” is a part of this Order if the Seller was required to furnish cost and pricing data and a Certification of Current Cost or Pricing Data for this Order. If it was not required to furnish such data and Certificate, the clause entitled “Subcontractor Cost or Pricing Data-Modification” is a part of this Order. Seller shall update its proposal and re-certify its cost or pricing data whenever costs, factors, or prices change such that cost or pricing data previously furnished is no longer accurate, current, or complete.

1. Indemnification

If any price (including profit or fee) negotiated in connection with the prime contract between the Government and the Buyer or any cost that is reimbursable under said contract is reduced because cost or pricing data furnished by the Seller in connection with any proposal submitted by the Buyer relating to said contract or in connection with this Order was not accurate, complete, or current, the Seller shall indemnify the Buyer in the amount of said reduction.

The phrase “cost or pricing data,” as used herein, shall be deemed to include any such data, which related to a lower-tier prospective or actual subcontract, at any level, which was submitted by the Seller or which it procured by submission of, in connection with the aforesaid proposal or this Order in support of its cost estimate.

If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Seller shall be liable and shall pay the Buyer at the time such overpayment is repaid:

i. Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Seller to the date the Buyer is repaid by the Seller at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

ii. For Department of Defense contracts only, a penalty equal to the amount of the overpayment, if the Seller knowingly submitted cost or pricing data which were incomplete, inaccurate, or non-current.

2. Cost or Pricing Data for Changes

Prior to the pricing of any change or other modification to this Order which involves increases and/or decreases in costs plus applicable profit in excess of the contractually required threshold and resulting from a change in the prime contract, subcontractors shall submit cost or pricing data as defined in FAR section 2.101 and required by FAR subsection 15.403-4 and shall certify that the data, as defined in Federal Acquisition Regulation 15.406-2, submitted either actually or by specific identification in writing are accurate, complete, and current as of the date of completion of negotiations.

When required to obtain cost or pricing data from its subcontractors, pursuant to the provisions of this Order, Seller shall obtain such data.

7. DISPUTES – GOVERNMENT CONTRACTS

Any reference to the “Disputes Clause” in any applicable FAR Clause under paragraph 2 above shall mean this paragraph 7, Disputes – Government Contracts.
A. Any dispute arising under this purchase order relating to any decision of the Contracting Officer under the prime contract shall be resolved in accordance with paragraph B, below. All other disputes will be resolved under the Article entitled, “DISPUTES,” as found in section 24 of the General Terms and Conditions TC001.

B. 

1. Notwithstanding any other provisions in this purchase order, any decision of the Contracting Officer under the prime contract, which binds Buyer, shall bind both Buyer and Seller to the extent that it relates to this purchase order—provided that:
   
   i. The Buyer notifies with reasonable promptness the Seller of such decision;
   
   ii. The Buyer, at its sole discretion, authorizes in writing the Seller to appeal in the name of the Buyer such decision at its own expense, or
   
   iii. If Buyer should appeal such decision, Buyer, at its sole discretion, offers to the Seller the opportunity, at its own expense, to join Buyer in such appeal.

2. Any decision upon such appeal, when final, shall be binding upon the Seller.

3. The Seller shall keep Buyer informed of any appeal it makes by providing copies of all pertinent documents to Buyer.

4. The Seller shall indemnify and save harmless from any and all liability of any kind incurred by or imputed to Buyer under Section 5, “Fraudulent Claims,” of the Contract Disputes Act of 1978, as amended, if Seller is unable to support any part of its claim and it is determined that such inability is attributable to fraud or misrepresentation of fact on the part of Seller.

C. Pending any prosecution, appeal, or final decision or settlement of any dispute arising under this purchase order, the Seller shall proceed diligently, as directed by Buyer, with the performance of this purchase order.

D. 8. 52.203-12 Limitation on Payments to Influence Certain Federal Transactions. (Applicable to all subcontracts over the Simplified Acquisition Threshold) (Oct 2010)

(a) Definitions. As used in this clause—

“Agency” means “executive agency” as defined in Federal Acquisition Regulation (FAR) 2.101.

“Covered Federal action” means any of the following actions:

(1) Awarding any Federal contract.

(2) Making any Federal grant.

(3) Making any Federal loan.

(4) Entering into any cooperative agreement.

(5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

“Indian tribe” and “tribal organization” have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

“Influencing or attempting to influence” means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

“Local government” means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.
“Officer or employee of an agency” includes the following individuals who are employed by an agency:

(1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.

(2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

(3) A special Government employee, as defined in section 202, Title 18, United States Code.

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

“Person” means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

“Reasonable compensation” means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

“Reasonable payment” means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

“Recipient” includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this clause and are permitted by other Federal law.

“Regularly employed” means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

“State” means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) Prohibition. 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal actions. In accordance with 31 U.S.C. 1352 the Contractor shall not use appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of this contractor the extension, continuation, renewal, amendment, or modification of this contract.

(1) The term appropriated funds does not include profit or fee from a covered Federal action.

(2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(c) Exceptions. The prohibition in paragraph (b) of this clause does not apply under the following conditions:

(1) Agency and legislative liaison by Contractor employees.

(i) Payment of reasonable compensation made to an officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern—
(A) The qualities and characteristics (including individual demonstrations) of the person’s products or services, conditions or terms of sale, and service capabilities; or

(8) The application or adaptation of the person’s products or services for an agency’s use.

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) Professional and technical services.

(i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii) As used in paragraph (c)(2) of this clause, “professional and technical services” are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted.

(d) Disclosure.

(1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.

(2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and a change occurs that affects Block 10 of the OMB Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.

(e) Penalties.

(1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) Cost allowability. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(g) Subcontracts.
(1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract exceeding $150,000 under this contract. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract exceeding $150,000.

(a) Definitions. As used in this clause—

“Information technology” (see 40 U.S.C 11101(6)) means, in lieu of the definition at FAR 2.1, any equipment, or interconnected system(s) or subsystem(s) of equipment, that is used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the agency.

For purposes of this definition, equipment is used by an agency if the equipment is used by the agency directly or is used by a contractor under a contract with the agency that requires—

(i) Its use; or

(ii) To a significant extent, its use in the performance of a service or the furnishing of a product.

(2) The term “information technology” includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources.

The term “information technology” does not include any equipment acquired by a contractor incidental to a contract.

“Supply chain risk,” means the risk that an adversary may sabotage, maliciously introduce unwanted function, or otherwise subvert the design, integrity, manufacturing, production, distribution, installation, operation, or maintenance of a national security system (as that term is defined at 44 U.S.C. 3542(b)) so as to surveil, deny, disrupt, or otherwise degrade the function, use, or operation of such system.

(b) The Contractor shall maintain controls in the provision of supplies and services to the Government to minimize supply chain risk.
(c) In order to manage supply chain risk, the Government may use the authorities provided by section 806 of Pub. L. 111-383. In exercising these authorities, the Government may consider information, public and non-public, including all-source intelligence, relating to a Contractor’s supply chain.

(d) If the Government exercises the authority provided in section 806 of Pub. L. 111-383 to limit disclosure of information, no action undertaken by the Government under such authority shall be subject to review in a bid protest before the Government Accountability Office or in any Federal court.

(e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts involving the development or delivery of any information technology, whether acquired as a service or as a supply.

(End of clause)

Controlled technical information means technical information with military or space application that is subject to controls on the access, use, reproduction, modification, performance, display, release, disclosure, or dissemination. Controlled technical information is to be marked with one of the distribution statements B-through-F, in accordance with DoD Instruction 5230.24, Distribution Statements on Technical Documents. The term does not include information that is lawfully publicly available without restrictions.

Cyber incident means actions taken through the use of computer networks that result in an actual or potentially adverse effect on an information system and/or the information residing therein.

Exfiltration means any unauthorized release of data from within an information system. This includes copying the data through covert network channels or the copying of data to unauthorized media.

Media means physical devices or writing surfaces including, but is not limited to, magnetic tapes, optical disks, magnetic disks, large-scale integration memory chips, and printouts onto which information is recorded, stored, or printed within an information system.

Technical information means technical data or computer software, as those terms are defined in the clause at DFARS 252.227-7013, Rights in Technical Data—Non Commercial Items, regardless of whether or not the clause is incorporated in this solicitation or contract. Examples of technical information include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, technical orders, catalog-item identifications, data sets, studies and analyses and related information, and computer software executable code and source code.

(b) Safeguarding requirements and procedures for unclassified controlled technical information. The Contractor shall provide adequate security to safeguard unclassified controlled technical information from compromise. To provide adequate security, the Contractor shall—
(1) Implement information systems security in its project, enterprise, or company-wide unclassified information technology system(s) that may have unclassified controlled technical information resident on or transiting through them. The information systems security program shall implement, at a minimum—
   (i) The specified National Institute of Standards and Technology (NIST) Special Publication (SP) 800-53 security controls identified in the following table; or
   (ii) If a NIST control is not implemented, the Contractor shall submit to the Contracting Officer a written explanation of how—
      A) The required security control identified in the following table is not applicable; or
      B) An alternative control or protective measure is used to achieve equivalent protection.

(2) Apply other information systems security requirements when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraph (b)(1) of this clause, may be required to provide adequate security in a dynamic environment based on an assessed risk or vulnerability.

(c) Other requirements. This clause does not relieve the Contractor of the requirements specified by applicable statutes or other Federal and DoD safeguarding requirements for Controlled Unclassified Information (CUI) as established by Executive Order 13556, as well as regulations and guidance established pursuant thereto.

(d) Cyber incident and compromise reporting.

(1) Reporting requirement. The Contractor shall report as much of the following information as can be obtained to the Department of Defense via (http://dibnet.dod.mil/) within 72 hours of discovery of any cyber incident, as described in paragraph (d)(2) of this clause, that affects unclassified controlled technical information resident on or transiting through the Contractor’s unclassified information systems:

(i) Data Universal Numbering System (DUNS).
(ii) Contract numbers affected unless all contracts by the company are affected.
(iii) Facility CAGE code if the location of the event is different than the prime Contractor location.
(iv) Point of contact if different than the POC recorded in the System for Award Management (address, position, telephone, email).
(v) Contracting Officer point of contact (address, position, telephone, email).
(vi) Contract clearance level.
(vii) Name of subcontractor and CAGE code if this was an incident on a Sub-contractor network.
(viii) DoD programs, platforms or systems involved.
(ix) Location(s) of compromise.
(x) Date incident discovered.
(xi) Type of compromise (e.g., unauthorized access, inadvertent release, other).
(xii) Description of technical information compromised.
(xiii) Any additional information relevant to the information compromise.

(2) Reportable cyber incidents. Reportable cyber incidents include the following:

(i) A cyber incident involving possible exfiltration, manipulation, or other loss or compromise of any unclassified controlled technical information resident on or transiting through Contractor’s, or its subcontractors’, unclassified information systems.
(ii) Any other activities not included in paragraph (d)(2)(i) of this clause that allow unauthorized access to the Contractor’s unclassified information system on which unclassified controlled technical information is resident on or transiting.

(3) Other reporting requirements. This reporting in no way abrogates the Contractor’s responsibility for additional safeguarding and cyber incident reporting requirements pertaining to its unclassified information systems under other clauses that may apply to its contract, or as a result of other U.S. Government legislative and regulatory requirements that may apply (e.g., as cited in paragraph (c) of this clause).

(4) Contractor actions to support DoD damage assessment. In response to the reported cyber incident, the Contractor shall—

(i) Conduct further review of its unclassified network for evidence of compromise resulting from a cyber incident to include, but is not limited to, identifying compromised computers, servers, specific data and users accounts. This includes analyzing information systems that were part of the compromise, as well as other information systems on the network that were accessed as a result of the compromise;
(ii) Review the data accessed during the cyber incident to identify specific unclassified controlled technical information associated with DoD programs, systems or contracts, including military programs, systems and technology; and

(iii) Preserve and protect images of known affected information systems and all relevant monitoring/packet capture data for at least 90 days from the cyber incident to allow DoD to request information or decline interest.

DoD damage assessment activities. If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor point of contact identified in the incident report at (d)(1) of this clause provide all of the damage assessment information gathered in accordance with paragraph (d)(4) of this clause. The Contractor shall comply with damage assessment information requests. The requirement to share files and images exists unless there are legal restrictions that limit a company's ability to share digital media. The Contractor shall inform the Contracting Officer of the source, nature, and prescription of such limitations and the authority responsible.

(e) Protection of reported information. Except to the extent that such information is lawfully publicly available without restrictions, the Government will protect information reported or otherwise provided to DoD under this clause in accordance with applicable statutes, regulations, and policies. The Contractor shall identify and mark attribution information reported or otherwise provided to the DoD. The Government may use information, including attribution information and disclose it only to authorized persons for purposes and activities consistent with this clause.

(f) Nothing in this clause limits the Government’s ability to conduct law enforcement or counterintelligence activities, or other lawful activities in the interest of homeland security and national security. The results of the activities described in this clause may be used to support an investigation and prosecution of any person or entity, including those attempting to infiltrate or compromise information on a contractor information system in violation of any statute.

(g) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (g), in all subcontracts, including subcontracts for commercial items.

(End of clause)
