## Technician – Hydraulic Department

AAR Component Services Amsterdam is a trusted name in the global aviation industry, specializing in the maintenance, repair, and overhaul of aircraft components. Within our Hydraulic Department, we focus on the inspection, repair, overhaul, and certification of critical hydraulic systems that ensure the safety and performance of modern commercial aircraft.

We are currently looking for a **Technician** to join our skilled Hydraulic team. In this role, you will be responsible for the disassembly, inspection, repair, and reassembly of various hydraulic components such as actuators, pumps, and valves. You will work closely with the test team, engineering, and quality assurance to ensure all work is performed to the highest standards and in full compliance with aviation regulations and customer requirements. This is a hands-on position suited for a technician with strong mechanical aptitude, attention to detail, and a commitment to excellence in a regulated environment.

### Total rewards

As an AAR team member your rewards include:

- Competitive salary based on experience
- 8% holiday allowance and 7% end-of-year bonus
- Profit-sharing opportunities
- Flexible start time between 6:00 AM and 9:00 AM
- 26 vacation days + 3.5 additional ADV days
- Comprehensive pension plan
- Supportive team culture focused on growth and innovation

### Performance objectives

- **Technical accuracy** – completes tasks with precision and quality
- **Team collaboration** – works efficiently with colleagues across departments
- **Reliability** – manages time and responsibilities to meet deadlines
- **Problem-solving** – identifies issues and contributes to their resolution

- **Safety** – maintains a safe and organized workspace

## Education and experience

- MBO level 3 or 4 in a technical direction
- Experience with aircraft components or similar hydraulic systems is a plus
- Understanding of technical documentation and diagrams
- Fluency in Dutch and English
- We are looking for a candidate who lives in The Netherlands, preferably in or near Hoofddorp.

## Why should you apply?

At AAR, “Doing it right” means putting quality, safety, and people first. You’ll be part of a global leader in aviation where your leadership makes a real difference every day.
