Technician / Tester – Hydraulic Department

AAR Component Services Amsterdam is a trusted name in aviation MRO, providing high-quality repair and overhaul services for aircraft components worldwide. Within our Hydraulic Department, we handle the repair and testing of critical hydraulic systems that ensure the safe and reliable operation of commercial aircraft.

We are currently looking for a **Tester** to join our skilled Hydraulic Department team. In this role, you will be responsible for performing functional tests on a wide range of aircraft hydraulic components, including actuators, pumps, servo valves, and manifolds. Using advanced test equipment and procedures, you will ensure each component meets exact OEM specifications and regulatory requirements. This position is ideal for a technician with a strong understanding of hydraulic systems, a high level of precision, and a proactive mindset in a safety- and quality-focused environment.

Total rewards

As an AAR team member your rewards include:

- Competitive salary based on qualifications
- 8% holiday allowance and 7% end-of-year bonus
- Profit-sharing opportunities
- Flexible start time between 6:00 AM and 9:00 AM
- 26 vacation days + 3.5 additional ADV days
- Comprehensive pension plan
- Supportive team culture focused on growth and innovation

Performance objectives

- **Quality focus** – ensures all tested components meet regulatory standards
- **Technical expertise** – operates complex test equipment with accuracy
- **Documentation** – completes records clearly and consistently
- **ProTeamwork** – collaborates with repair teams for efficiency
- **Problem analysis** – identifies root causes of test failures

Education and experience

- MBO level 4 in mechatronics, mechanics, or a similar field
- Experience in testing or maintenance of hydraulic systems
- Strong understanding of pressure systems and calibration processes
- Fluency in Dutch and English
- We are looking for a candidate who lives in The Netherlands, preferably in or near Hoofddorp.

Why should you apply?

At AAR, “Doing it right” means putting quality, safety, and people first. You’ll be part of a global leader in aviation where your leadership makes a real difference every day.
