The position

- We are looking for a skilled Mechanic or Technician with NDO (Non-Destructive Testing) or NDT Level 1 or 2 certification to support our inspection and overhaul operations. You will play a crucial role in maintaining safety and quality standards by performing non-destructive inspections on aircraft components.
- Conduct NDT inspections
- Interpret findings and report results in accordance with regulations
- Assist in disassembly and inspection of aircraft components
- Support the overhaul and repair process based on inspection outcomes
- Maintain calibration and accuracy of NDT tools and equipment

Total rewards

As an AAR team member your rewards include:

- Competitive salary based on experience
- 8% holiday allowance and 7% end-of-year bonus
- Profit-sharing opportunities
- Flexible start time between 6:00 AM and 9:00 AM
- 27 vacation days + 3.5 additional ADV days
- Comprehensive pension plan
- Supportive team culture focused on growth and innovation

Performance objectives

Inspection expertise – performs precise and thorough non-destructive testing

Documentation – ensures detailed and accurate inspection reporting

Compliance – adheres to relevant aviation standards and procedures

Technical collaboration – works closely with technicians and engineers to assess findings

Initiative – identifies improvement areas in tools, processes, or inspections

Education and experience

- MBO level 4 or higher in a technical discipline (mechanical or aerospace preferred)
- Certified in **NDT Level 1 or Level 2** (EN 4179 or equivalent)
- Practical experience with non-destructive testing methods in aerospace or similar industry
- Strong attention to detail and quality focus
- Fluent in Dutch and English
- We are looking for a candidate who lives in The Netherlands, preferably in or near Hoofddorp

Why should you apply?

At AAR, “Doing it right” means putting quality, safety, and people first. You’ll be part of a global leader in aviation where your leadership makes a real difference every day.
