

MRO Services Airframe Maintenance - Canada

4000 County Road 42, Windsor, Ontario N8V 0A1

JOB POSTING

POSITION : AIRCRAFT INTERIOR TECHNICIAN
DEPARTMENT : INTERIORS
REPORTS TO : AIRCRAFT INTERIOR SUPERVISOR

AAR is a leading provider of aviation services to the worldwide commercial aerospace and government/defense industries. AAR combines a close-to-the-customer business model with a broad menu of capabilities to help customers operate more efficiently, lower costs and maintain high levels of quality, safety and service. We are a financially stable, dedicated partner with an enduring commitment to innovation, execution, continuous improvement and customer value. At AAR we are committed to doing it right, and we have built our core values based on that premise.

Under the umbrella of AAR in Canada, AAR operates from two different locations in Windsor, Ontario and Trois Rivieres, Quebec. The Windsor facility is a 143,000 square-foot hangar conveniently located at the Windsor Airport. 'Transport Canada' approved, AAR Windsor carries out aircraft services and repairs on multiple aircraft types. Currently, the facility employs approx. 160 highly skilled full time employees across trades ranging from Avionics, Mechanics, Structures, Interiors plus functional support staff.

As an AAR Team Member, your Total Rewards include:

- Pay Range \$17.00 - \$23.82/hr, eligible for overtime
- Comprehensive benefits package
- RRSP Contribution
- Annual Uniform and Safety Boot allowance
- Paid time off benefits including 11 company paid holidays
- Relocation assistance may be provided, if required
- Company discounts including \$15 per month gym discount
- Training and development opportunities and education assistance program

ROLE AND MANDATE

Interior Technicians are responsible for preparing and performing Interior repairs, maintenance and upgrades on aircraft.

MAIN RESPONSIBILITIES

- Receive the plane and follow procedures to prepare the plane for upgrades or maintenance as directed by the Supervisor;
- Become familiar with and follow the requirements of the Maintenance Process Manual, Federal Aviation Regulations, Airworthiness Directives, manufacturer's service bulletins and any other required references to perform their assigned work.
 - Ensure the work area is kept to the highest standards of safety compliance at all times, enforcing regulations and practices to avoid accidents. Ensure that good housekeeping practices are performed at all times;
- Perform the proper tagging of Aircraft components, parts and panels appropriately stored (including racks by aircraft);
- Perform documentation procedures and sign-offs in accordance with MPM Manual and respective task requirements;
- Ensure that tools and equipment are correctly used and handled for both safety and to reduce breakages, wear and tear. Ensure tooling, GSE and ground equipment is returned to its proper storage area following use;
- Strive for continuous process improvements and increasing efficiencies in execution and delivery with safety as a priority;
- Maintain close and frequent communication with the Supervisor, notifying them of progress and any road-blocks or threats to task accomplishment that could impact re-delivery;
- Interact with customers in a cordial, respectful and professional manner;
- Ensure the highest quality service, safety standards and performance, with the objective of exceeding customer satisfaction in the re-delivery of airworthy, reliable and clean aircraft, in a timely manner;
- Take part in any required training as determined by the company;
- Actively participate in AAR Aircraft Services Windsor's Safety Management System (SMS), including reporting safety hazards and incidents encountered in daily operations; understand and promote the company safety policy;
- Other duties as assigned.

SKILLS, QUALIFICATIONS AND COMPETENCIES

- Must have High School diploma or equivalent;
- Proficiency in Micro-Soft, Word, Excel, and Outlook;
- Ability to utilize computer systems to input and retrieve information to perform normal daily activities;
- Ability to use the tools of the trade;
- Good manual dexterity;
- Strong attention to detail;
- Analytical skills: must be able to use data to determine cause and effect for complex problem solving;
- Strong communication skills with an ability to communication with fluency in English;
- Demonstrated ability to work independently and within a team environment;

- Self-starter and organized;
- Positive attitude & strong work ethic.

Working Conditions

- Daily work activities are performed on the hangar floor;
- Ability to safely lift up to 50 lbs;
- Shift work;
- Overtime as required;
- Utilizing computers to look up manual references and parts.

Qualified applicants may email their resume to windsorrecruiting@aacorp.com. **Please quote file #AAR-003.** Please submit your resume in MS Word or PDF format.

AAR is committed to the health and safety of our people, our customers, and the communities where we live and work.

Although all applications are appreciated, only those candidates selected for an interview will be contacted.

To support AAR's commitment to building a diverse and inclusive workforce, AAR encourages applications from people of all races, ethnic origins, religions, abilities, sexual orientations, gender identities or expressions.
