

AAR - 200
TRAINER (PART TIME OR FULL TIME AVAILABLE)

About Us:

AAR Corp. (NYSE: AIR) is a global aerospace and defense aftermarket solutions company that employs more than 6,000 people across over 60 sites in over 20 countries. Headquartered in the Chicago, Illinois area, AAR supports commercial and government customers in more than 100 countries through four operating segments: Parts Supply, Integrated Solutions, Repair and Engineering and Expeditionary Services.

AAR's purpose is to empower people to build innovative aerospace solutions today so you can safely reach your destination tomorrow. The company's mission is to go above and beyond to provide value-driven aerospace aftermarket solutions to meet the evolving needs of our customers worldwide. AAR constantly searches for the right thing to do for its customers, employees, partners and for society.

Description:

We are looking for a Trainer to deliver the basics on hardware safety and security, hand tool familiarity and skills. Continued support of roles and work performed by technicians, ensuring a solid understanding of industry best practices, recent methods and techniques.

What you will be responsible for:

- Work with Person Responsible for Maintenance (PRM), Director of QA, SMS Manager, Chief Inspector, Operations Managers, Crew Chiefs to understand requirements.
- Prepare, develop and instruct and assess staff on technical subjects in a classroom setting, provide evaluations and suggested corrective actions. Required to train technical subjects.
- Observe and recommend/develop additional training requirements/programs for staff based on observations.
- Complete monthly reporting to the DQA.
- Maintain a safe and clean work environment by educating and directing personnel on the use of tooling and equipment.
- Actively participate in AAR Windsor's Safety Management System (SMS) including reporting safety hazards and incidents encountered in daily operations; understands and promotes the company safety policy.

What you will need to be successful in this role:

- TCCA AME License or equivalent
- Minimum 10 years' experience in aircraft maintenance (heavy maintenance environment)
- Experience in development of technical workshops/training

- Minimum 5 years' experience in a leadership, or technical role (mentoring junior techs)
- Experience on B737 or ERJ preferred
- Clear understanding of Canadian Aviation Regulations (CARS)
- Ability to interpret engineering drawings, technical maintenance documents
- Proficient in Microsoft Office skills including Word, Excel, and PowerPoint

The rewards of your career at AAR go far beyond just your salary:

- Annual Uniform and Safety Boot Allowance
- Comprehensive benefits package including medical, dental, and vision coverage.
- RRSP with company match
- Paid time off including 11 Holidays
- Professional development and career advancement opportunities
- Third Party Discounts

Physical Demands/Work Environment:

The physical demands and work environment characteristics described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

- Daily work activities are performed on the hangar floor, office and classroom environment
- Overtime as required
- Utilizing computers to look up information

AAR provides accommodation in accordance with applicable laws through all stages of the hiring process. If you require accommodation for any part of the application and/or hiring process, please advise Human Resources.

Application:

Qualified applicants may email their resume to windsorrecruiting@aarcorp.com. **Please quote file # AAR-200.** Please submit your resume in MS Word or PDF format **by September 12, 2025.**

Although all applications are appreciated, only those candidates selected for an interview will be contacted.

AAR is committed to building a diverse and inclusive workforce. We encourage applications from people of all races, ethnic origins, religions, abilities, sexual orientations, gender identities, or expressions. We are dedicated to the health and safety of our people, our customers, and the communities where we live and work.
