Avionics E Licensed Technician

The position

We are looking for an Avionics E Licensed Technician to be responsible for performing maintenance, service and repairs on Aircraft Aviation systems.

Other key responsibilities include:

- Repair, overhaul, install, calibrate and test aircraft instruments;
- Repair, overhaul, install, modify and test electrical aircraft systems and equipment;
- Search for breakdowns, repair, overhaul, test, install and inspect avionics systems and electronic components of aircraft, including communications, navigation, autopilot, Pitot static, entertainment, radar, AC & DC power distribution and lighting equipment;
- Certify that the installation, maintenance, repair and overhaul work meet performance and safety standards of Transport Canada and AAR;
- Manage installation and service projects as assigned by the Supervisor;
- Compile work orders, inspections, repair and overhaul documentation in work records;
- Responsible for traceability on parts issued from stores to assigned job tasks;
- Report unserviceable maintenance equipment and tools;
- Report unsafe or unapproved work conditions and practices to department Supervisor;
- Attend training courses and Type Endorsements on multiple plane types;
- Actively participate in AAR Windsor's Safety Management System (SMS) including reporting safety hazards and incidents encountered in daily operations; understands and promotes the company safety policy.
- Any additional duties and projects as assigned.

Total rewards

As a team member, you receive:

- Pay Range \$26.98 to \$32.53/hr with required license, eligible for overtime
- Applicable License and Shift premium
- Comprehensive benefits package
- RRSP Contribution – employee and employer
- Annual uniform and safety boot allowance
- Paid time off benefits, including 11 company paid holidays

- Third-party discounts
- Relocation assistance may be provided, if required
- Training and development opportunities and education assistance program
- Staff engagement and recognition events
- Endorsement Courses

Performance objectives

- **Teamwork** – collaborates with colleagues to achieve results and is also comfortable working independently
- **Building trust** – operates with integrity, discloses own positions, remains open to ideas, and supports others through dignity, respect, and fairness
- **Building relationships and partnerships** – develops and leverages relationships within and across teams to achieve results
- **Communication** – conveys information and ideas clearly and concisely to individuals or group in an engaging manner, helping them understand and retain the message
- **Quality orientation** – accomplishes tasks by considering all areas involved, no matter how detailed
- **Sound professional judgement** – applied to problem solving, analyzing and decision making

Education and experience

- Transport Canada 'E' license
- Minimum 2 years' experience preferred;
- Knowledge of Avionics components and associated aircraft systems;
- Endorsement/experience on 737 NG, Max or ERJ 170/175 an asset;
- Heavy maintenance work experience on the ERJ 170/190 with endorsement preferred;
- Proven ability to liaise with other Company personnel and outside agencies;
- Must have a good understanding of avionics systems, components and aircraft;
- Extensive knowledge of all documentation and processes related to Transport Canada regulations and any other organization skills & attention to detail;
- Mentor Apprentices and teach them to learn from mistakes;
- First Aid Certified or able to be trained.

Why should you apply?

- AAR is the only aerospace / defense company on Forbes' America's Best Mid-Size Employers list.
